Citizens Telephone Company

BREVARD, N.C.

GENERAL INFORMATION

BUSINESS TRANSACTIONS WITH THE COMPANY

On page one is shown information regarding the placing of long distance calls, securing numbers not listed in the directory, reporting telephones out of order and making emergency calls. Other matters, including business transactions, should be taken up with the business office either by telephone, personal visit or letter.

BUSINESS OFFICE
225 East Main Street, Brevard,
North Carolina, Telephone 883-9011

SERVICE APPLICATIONS, CHANGES AND DICONTINUANCES

Applications for new service, changes, additions and discontinuances of service should be handled through our business office. A telephone call will, in almost every case, enable you to transact business promptly and satisfactorily.

BILLS AND PAYMENTS

Bills are rendered on the 1st of each month for local service in advance, for a one-month period from date of bill, and for long distance service for a one-month period through the 19th of the month preceding the month the bill is rendered for local service. Bills may be paid by mail or in person at our business office, 225 East Main Street, Brevard, North Carolina, or at First Union National Bank, Rosman, North Carolina.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are on file with the North Carolina Utilities Commission, and are available for public inspection at our business office.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number, and the Company reserves the right to change the call number or the central office designation associated with such number whenever it is deemed desirable in the conduct of its business.

MAINTENANCE

All ordinary expense of maintenance and repair, unless otherwise specified in the Company's schedules, is to be borne by the Company. If any instrument or piece of apparatus is destroyed or injured, otherwise than by unavoidable accident, the subscriber is to pay the actual cost of replacing or restoring the same to its original condition.

ATTACHMENTS TO TELEPHONES

To render satisfactory service, it is important that the Telephone Company furnish and maintain all apparatus and equipment connected with its lines. Except as provided in the tariffs, no line, instrument, appliance or apparatus not furnished by the Telephone Company shall be connected with, atached to or in any way used in connection with facilities of the Telephone Company.

INTERRUPTION OF SERVICE

If the service is interrupted, otherwise than by negligence or wilful act of the subscriber, the only liability of the Company shall be to abate charges during the period such interruption continues, after forty-eight (48) hours' written notice thereof to the Company.

RESPONSIBILITY FOR MESSAGES

Subscribers are responsible for all charges for messages originating from or reversed to their telephones.

TELEPHONE DIRECTORIES

Loss of time and inconvenience by calling wrong numbers can be avoided by consulting the current directory before placing a call.

Between directory issues certain numbers do not appear in the current directory due to changes and new installations. These numbers may be secured by calling "Information".

Telephone Directories distributed from time to time by the Telephone Company remain the property of the Telephone Company, shall not be mutilated, and shall be surrendered upon request or upon delivery of the subsequent issue. No binder, holder, insert, auxiliary cover or attachment of any kind not furnished by the Telephone Company shall be attached to or used with the Directories owned by the Telephone Company, except that this prohibition shall not apply to a subscriber-provided binder, holder, insert or auxiliary cover which contains no advertising, and which is not so attached as to impede reference to essential service information or otherwise interfere with service.

Every effort is made to have listings absolutely correct. However, this Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

TELEGRAMS BY TELEPHONE

Telegrams may be transmitted to and received from the telegraph office by telephone. To send a telegram or cablegram, call Western Union Telegraph Company, 883-3291. By arrangements with the Telegraph Company, any telephone subscriber may have charges for messages received or sent by telegraph charged to his telephone and collected with his telephone bill.

USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES

Residence Telephones are installed with the understanding that they will be used for normal social or domestic purposes.

A Residence Telephone will be changed to business service, if used primarily or substantially for business purposes, or if the residence telephone number is advertised in connection with the sale of products or services, and the subscriber has no business service elsewhere within our system.

long distance calls

direct distance dialing

With direct distance dialing you can dial station-to-station long distance calls to most telephone numbers which have seven numerals or two letters and five numerals.

your area code is 704

to call within area 704 — dial "1" then the telephone number. (do not dial the area code.) Give the Operator your number if she asks for it.

for example:			telephone number
to call 955-0915 in Charlotte, N. C.	dial "1"	then	955-0915

to call outside area 704 — dial "1" then the distant area code and telephone number. Give the Operator your number if she asks for it.

for example:			area code		telephone number
to call 955-1087 in Raleigh, N. C.	dial "1"	then	919	and	955-1087

other long distance calls — dial the numeral "0" for the operator and give her the details of the call.

area code (if different from your own) and telephone number of the party you are calling along with any special instructions—person-to-person, collect, credit card, bill to third number, etc. then your telephone number.

to obtain the distant area code

Area codes for frequently called cities are on pages 5-9. If the place you want is not listed, dial "OPERATOR."

long distance directory assistance

To obtain distant telephone numbers, you can dial without charge the Information Operator in all cities. First, dial the numeral "1", then the area code (if it is different from the one for the telephone you are using), then 555-1212.

if you reach a wrong number

▶Dial "OPERATOR" immediately and tell her what happened. She will make sure you aren't charged for the call.

you will not be charged

▶If you hang up before you dial the complete number.

▶If the telephone number you dial is busy and does not answer.

if you need assistance

Dial "OPERATOR". She will be glad to help you.

area codes speed your long distance calls

The U. S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 704 (see map). The area code of the telephone you are calling should be dialed or given to the operator if it is different from the area code of the telephone you are using. It should not be used if it is the same. (When placing call with operator, say, for example, "I want area code 311-555-2368.") When you give someone your telephone number, include your area code if he needs it to return your call. A list of selected area codes is on pages 5-9. Area codes for other places may be obtained from the OPERATOR.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

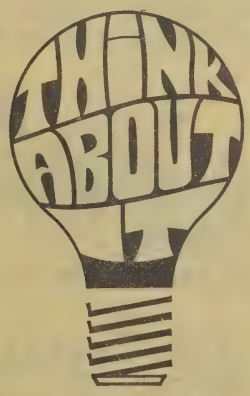
When you're planning a trip, Long Distance can be a big help. You can call ahead for reservations--or to tell folks when to expect you.

What better day to call Long Distance than Sunday? It's the day that belongs to families. Rates are lower all day Sunday.



You can accomplish so much with a **Long Distance Call** and save time and money in the process.

It makes good sense.
